PROFESSIONAL EXPERIENCE

Senior Research Associate — Market Intelligence & Business Insights Sep 2024 – Present

- Conduct market intelligence and secondary research across industries to identify market trends, competitive landscapes, and growth opportunities.
- Analyze multi-source datasets and transform research findings into actionable business insights using Excel, Power BI, and AI-assisted research workflows.
- Support consulting and business strategy engagements through competitor benchmarking, trend analysis, market sizing, and insight generation.
- Perform data validation, quality assurance, and research audits to ensure reporting accuracy and decision-ready outputs.

Research Analyst — ZIGRAM Nov 2021 – Jan 2024

- Conducted AML/KYC investigations, due diligence research, and risk assessments using public and proprietary data sources.
- Validated large-scale datasets and performed quality control checks to improve research accuracy and operational reliability.
- Analyzed complex entity and transactional information to identify inconsistencies, risk indicators, and compliance concerns.
- Produced structured research reports and intelligence summaries supporting regulatory and compliance requirements.
- Worked with high-volume data environments while maintaining accuracy, documentation standards, and reporting consistency.

SELECTED PROJECTS

Market Intelligence Research

Conducted industry landscape assessments, competitor benchmarking, trend analysis, and market opportunity assessments across multiple sectors.

Business Insights Dashboard (Power BI)

Developed interactive dashboards and automated reporting solutions to visualize complex datasets and support business decision-making.
